DEFYING THE ODDS!

Four new businesses beat the doom and gloom to open at Burscough Wharf

by Tom Martin

Burscough Wharf - optimistic outlook for canalside centre

A RETAIL and arts centre in West Lancashire is set to defy the doom and gloom surrounding job losses and firms closing down because of the coronavirus crisis, by announcing the opening of **FOUR** new businesses.

Burscough Wharf is back open again after lockdown and has already attracted several local entrepreneurs to open in the centre.

All the new businesses are in the hospitality sector - a part of the economy that has been severely hit in the pandemic.

The first to open will be family-run restaurant Hugo's Cafe Bar, owned by local business pair, James and Abigail Smith, which will start serving customers for the first time this Friday (August 14).

Also opening later this month is Cactus Ray's Drink and Graze. It is run by Burscough resident Elizabeth Jones who will be relocating her existing business Cactus Ray's Cafe & Deli into a bigger premises at the Wharf.

The refurbished premises will offer live entertainment and provide a 'friendly, quirky and

arty atmosphere'. The third new business to open at the Wharf is The Beer Haul, a new independent off-licence specialising in craft beers and ciders from around the UK and the world.

The shop's proprietor Andrew Holian personally selects all the beers displayed and regularly travels throughout Europe to taste and bring back beers of the highest quality which are not likely to be on sale in local

supermarkets. The fourth is another business run by Andrew in the form of a new craft beer and cask ale bar called The Thirsty Duck, which will open on August 29.

Andrew's family are based in Burscough, but he himself currently lives in Somerset where he operates a bar in Portishead Marina trading under the name of The Siren's Calling. He also originally founded the Beer Emporium in the centre of Bristol which has recently completed its seventh year of trading. Both operations were recognised in CAMRA's Good Beer guide at the first time of asking and also feature in the 2020 edition.

All the venues at the Wharf, which lies alongside the Leeds-Liverpool Canal, will have outdoor seating within the central courtyard - a major benefit given the current social distancing requirements.

Lorry driver who caused deaths of teaching assistant and pupil is jailed for eight years

A LORRY driver who killed a teaching assistant and a teenage boy when he crashed into a minibus while driving using a mobile phone on the M58, has been jailed for eight years and 10 months.

James Majury, 33, from Chorley, was sentenced at Preston Crown Court on August 7 after pleading guilty to two counts of causing death by dangerous driving and a further five counts of causing serious injury by dangerous driving.

On January 8, 2019, he drove his 19 tonne Mercedes HGV into the back of teaching assistant Anne Kerr's school minibus at 50mph - killing her and her passenger, Joe Cairns, 14, who were travelling to Pontville School for stu-

dents with special educational needs in Ormskirk.

The court heard that Majury was distracted on his phone and reacted just half a second before the collision, hitting the stationary Vauxhall Vivaro which contained Anne, 50, from Southport and Joe, who both died at the scene.

Landmark reforms promise to speed up and modernise 'outdated' planning system

Report by Tom Martin

THE Government has announced an overhaul of the country's planning system which, they claim, will deliver the 'high-quality, sustainable homes communities need'.

The most significant reforms to housing policy in decades was announced by Housing Secretary Robert Jenrick last Thursday (August 6).

Mr Jenrick said the landmark changes will 'transform a system that has long been criticised for being too sluggish in providing housing for families, key workers and young people and too ineffectual in obligating developers to properly fund the infrastructure - such as schools, roads and GP surgeries - to support them'.

The Government says valued green spaces and Green Belt will continue to be protected for future generations, with the reforms allowing for more building on brownfield land.

Local community agreement will be at the centre of the proposals being put forward in the White Paper, Planning for the Future, now published.

The current planning system, says the Govern-

ment, has shown itself to be unfavourable to small businesses. Developers will be given new 'permission in principle' powers as part of the sweeping changes.

It means housing firms that want to build in Sefton and West Lancashire will be granted 'automatic' permission to carry out certain developments. To help decide what developments should be given greater leniency, land will be designated in one of three categories: growth, renewal and protection.

Mr Jenrick explained: "We are introducing a simpler, faster, people-focused system to deliver the homes and places we need. Under the new process, through democratic local agreement, land will be designated in one of three categories: for growth, for renewal or for protection."

"Land designated for growth will empower development - new homes, hospitals, schools, shops and offices will be allowed automatically. People can get

going. Renewal areas will enable much quicker development with a 'permission in principle' approach to balance speed while ensuring appropriate checks are carried out."

"And protected land will be just that - our Green Belt, Areas of Outstanding Natural Beauty and rich heritage - will be protected."

"These reforms will create thousands of new jobs, from bricklayers to architects. We are cutting red tape, but not standards."

However, the new planning reforms have led to concerns they could lead to bad-quality housing and loss of local control over development.

Labour leader Keir Starmer said: "This is a developers' charter, frankly, taking councils and communities out of it."

"And on affordable housing, which is the critical issue, it says nothing. In fact it removes the initiatives that were there for affordable housing."

James Jamieson, Chairman of the Local Government Association, also voiced concerns. He said: "Any loss of local control over developments would be a concern. It would deprive communities of the ability to define the area they live in and know best and risk giving developers the freedom to ride roughshod over local areas."

Robert Jenrick

The reforms will mean:

- Local communities will be consulted from the very beginning of the planning process. By harnessing the latest technology through online maps and data, the whole system will be made more accessible

- Valued green spaces will be protected for future generations by allowing for more building on brownfield land and all new streets to be tree lined

- Much-needed homes will be built quicker by ensuring local housing plans are developed and agreed in 30 months - down from the current 7 years

- Every area to have a local plan in place - currently only 50% of local areas has a plan to build more homes

- The planning process to be overhauled and replaced with a clearer, rules based system. Currently around a third of planning cases that go to appeal are overturned at appeal

- A new simpler national levy to replace the current system of developer contributions which often causes delay

- The creation of a fast-track system for beautiful buildings and establishing local design guidance for developers to build and preserve beautiful communities

- All new homes to be carbon neutral by 2050, with no new homes delivered under the new system needed to be retrofitted.

Death crash lorry driver was on his phone when M58 tragedy happened

Chorley man was texting and playing games when horror collision took place, court told

by Danielle Thompson

From page 1

Five others; the driver of the mini bus and three teenage passengers, as well as the driver of a Ford Transit van, all suffered multiple serious injuries in the seven-car collision which happened on the M58 close to junction 3 at Bickerstaffe.

Mobile phone records showed that Majury had been looking at Facebook and fantasy game Hustle Castle, in the moments before the collision, which happened around 8.45am. Records also show views on the SkySports app and a series of text messages being sent and received throughout the journey. He received the last text message at 8.41am, from his mother, which he admitted to looking down, away from the road, to view.

He said it was then, when he looked back up, that he discovered he was within 12 metres away from the minibus, which was stationary in a queue of traffic. He said he attempted to brake but was unable to avoid the collision.

Anne, from Southport accompanied Joe on his journey to school each morning. In a tribute, her husband Simon, said: "During Anne's working day we would keep in regular contact with text messages and when I didn't hear back from her on that morning, I knew in the back of my mind that something was wrong. We shared that connection that people who love each other have, call it instinct or something, it's hard to explain. But I just knew something was very wrong."

"Anne was my rock. The emptiness I, and our two sons, feel around the house is overwhelming. All our plans for the future and our retirement were taken

Anne Kerr and Joe Cairns

away on that cold January morning on the M58. I wake some nights and it takes me a few seconds to realise why Anne is not lying next to me, in those seconds I hope that her death was just a nightmare. She was a young 50 and in good health, she should have had many years ahead of her."

In a tribute, Joe's mum Steph said: "Joe really liked going to school with Anne. Every day he liked to take with him a pug teddy and his big red blanket and sit on the back seat. I always used to stand and wave him off and tell him I loved him."

...if you are ever tempted to check your phone while driving, even for a second, think of Joe and Anne, and don't do it. Just one glance can mean the loss of a life'

Inspector Claire Pearson
Lancashire Road Policing Unit

"I miss my little boy every minute of every day. I feel useless now he's not here any more because he was my world. I always thought he needed me because of his special needs but it turned out I needed him way more."

"It's ripped me apart and the only thing that keeps me going are my three other beautiful chil-

dren. I cry every day thinking about Joe. He's constantly on my mind, I miss his humour and his company. I think about him laughing because it was so infectious and made me smile, he made everybody smile. He was our hero."

Inspector Claire Pearson from Lancashire Road Policing Unit said: "I felt quite strongly that there was significant evidence that showed a pattern of behaviour which saw Majury use his phone from the start of the journey up to the point of collision that I find completely unacceptable."

In my mind there's no question that driving a 19 tonne HGV at 56 miles an hour, whilst not fully concentrating on what's happening in front of you, is extremely dangerous. He didn't set out that morning to kill anyone but due to his recklessness that is sadly what has happened.

"Joe and Anne's families can't bring their loved ones back but what they have asked is that people listen to what has happened here and learn that it is never safe to use a phone whilst you're driving. So, if you are ever tempted to check your phone while driving, even for a second, think of Joe and Anne, and don't do it. Just one glance can mean the loss of a life."

Majury was given a sentence of eight years and 10 months for the death by dangerous driving offences and two years and eight months for the causing serious injury offences, to run concurrently.

Wharf defies Covid doom and gloom

From page 1

The exciting openings mean The Wharf will shortly host the largest collection of food and drink venues under one roof in the borough.

The Wharf's site manager Ray Eckersley said: "To have four new lettings of vacant accommodation all of which are in the hospitality industry in these extremely difficult times to such positive and enthusiastic operators is a remarkable achievement."

"Beside our existing operators we hope

that Burscough Wharf will become a great drinking and dining destination in West Lancashire. All the businesses offer a different food and drink experience catering for all tastes."

The award-winning site has seen the refurbishment and redevelopment of more than 12,000 square feet of former canal-side buildings since it opened in February 2011. It has been host to a number of events held in the courtyard including food and drink festivals, heritage days, and music and entertainment.

Hospitality business owners in the borough can now apply for outdoor pavement seating areas

OWNERS of hospitality firms in West Lancs can now apply for a Temporary Pavement Cafe Licence to offer customers outdoor seating spaces in areas that front their businesses.

As part of West Lancs Borough Council's focus to support local businesses and the economy recover from the impact of the coronavirus, the Council has taken the decision not to charge for the application.

If you are a business owner, email the council at pavementcafelience@westlancs.gov.uk, to discuss your proposals before submitting an application so they can work with you to ensure that space for pedestrians and social distancing is maintained.

Further information is at www.westlancs.gov.uk/planning/temporary-pavement-cafe-licences.asp

County Council wants community swabbers for its Covid-19 test and trace programme

CHIEFS at Lancashire County Council are recruiting people to help with their Covid-19 test and trace programme.

They are looking for 'community swabbers' to carry out the tests and for Community Testing Support officers to log the results and to carry out admin functions.

These will be paid positions and the work will take place at test sites across the county.

Successful applicants will get full training and as they will come into contact with people displaying Covid-19 symptoms, full personal protective equipment will be provided.

County Councillor Shaun Turner, cabinet member for health and wellbeing, said: "We need to recruit around 150 people as quickly as possible so that we can continue to offer testing around the county."

"If we don't have enough people to do this, some sites may have to close so it's vital that as many people as possible come forward."

"These are temporary, but paid positions. You'll be given all the training you need as well as PPE to ensure you are safe while carrying out this vital frontline work. We're looking for people who have the skills to do this work in a community test site. If you're interested, visit our website to find out more."

The community swabbers will need to correctly and safely administer nasal or throat swab tests. Testing Support Officers will need to be able to use Microsoft Excel. Applicants will need to be able to get to the test sites and be aware of the current Covid-19 government guidelines.

MP wants more support for autistic people

WEST Lancashire MP Rosie Cooper has pledged her support for creating a 'society that works for autistic people and their families'.

She made the commitment at an All Party Parliamentary Group on Autism (APPGA) event in Parliament, marking the 10th anniversary of the Autism Act and highlighting the work that still needs to be done.

Under the landmark Autism Act, alongside other important laws like the Care Act,

autistic people in England are entitled to the care and support they need.

But a recent inquiry by the APPGA, supported by the National Autistic Society, found that autistic people and their families in England still aren't getting enough support.

Ms Cooper said: "I was delighted to attend this important event, marking the 10th anniversary of the landmark Autism Act.

"I am committed to representing everyone in the area

and this of course includes autistic people and their families. Too many autistic people continue to face inequalities.

"I want to change this and am proud to pledge my support to creating a society that works for autistic people.

"We also need to see a reduction in waiting times for an autism diagnosis so advice and support can be provided much earlier."

Skem Library opening hours are extended

SKELMERSDALE Library opening hours are set to be extended so it will now be open for a period in the afternoon.

At the moment, it is only open from 10am-1pm between Monday to Friday, but from next week (Monday, August 17) it will also be open from 2-4pm.

People will still need to book an appointment before visiting as there will be a limit on how many people can come into the building at any one time.

Customers are able to come into the library for a pre-booked 30 minute period and choose up to 20 books.

From Monday, August 17, some of the public access computers will also be available and customers should use the online booking system to use this service. Access to printers and photocopiers will also be available.

County Councillor Peter Buckley, Lancashire County Council's cabinet member for community and cultural services, said: "It is great that we have started to welcome our customers back into our libraries, but we are taking a phased, step-by-step approach to this.

"I am sure that customers will appreciate the longer opening hours, as we try to cautiously get back to a normal service.

"I'm grateful for everyone's

Skelmersdale Library

patience and understanding, and I'd ask everyone to keep an eye on our website and social media channels where we will announce further details of more libraries reopening."

All visitors will be required to wear a face covering unless they are exempted. Children under 11 will not be required to cover their faces.

Other libraries run by Lancashire County Council, including Ormskirk Library, remain closed.

The online system to book an appointment at Skelmersdale Library is available at www.lancashire.gov.uk/coronavirus-updates/libraries

For those who can't book online, appointments can be made by calling 0300 123 6703.

Will it be fourth time lucky for Bobby the cat?

A cat with no tail is looking for a new home again after being returned to an animal shelter for the third time.

Bobby, nine, a black and white domestic short hair cat, is back at Woodlands Animal Sanctuary on Sandy Lane in Holmeswood.

Sally McDerby from the sanctuary said: "Poor Bobby is no longer classed as a young cat and added to that he has no tail - cue the sympathy vote but this chap has had no such luck."

"The saying goes 'third time lucky' but this is the third time the loving team from Woodlands have taken Bobby back. Surely the fourth time he trusts someone to give him the hope of a happy ever after will be the forever one?"

"All this moving house and families, has not suited him and Bobby is now struggling to adjust to his temporary shelter life and the animal carers who look after him are becoming increasingly upset and concerned for him."

"Bobby does need a quiet household and one that does not have any children, but if you think he is the companion for you then please contact us."

MotorFest is cancelled to 'help keep residents safe' despite changes to format

Tenth annual event was due to be a 'tour', but organisers have now called the whole thing off

Report by Danielle Thompson

THE tenth annual Ormskirk MotorFest has been cancelled, despite the organisers taking extra safety steps in a bid to keep it going ahead.

West Lancs Borough Council chiefs announced that they were working on plans with organisers Aintree Circuit Club for cars and motorcycles to tour around Burscough and Skelmersdale as well as Ormskirk in order to hold the event on Sunday, August 30.

However, now they have revealed that they are 'sorry to announce that this year's event has been cancelled to help keep us all safe.'

One of the main reasons is recent rises in coronavirus cases in other parts of Lancashire and the north.

A statement read: "After further discussions with the police, and with cases increasing in other parts of Lancashire and extra restrictions being brought in those places as well as Greater

One of the cars on display at a previous MotorFest parade

Manchester and parts of Yorkshire, we have agreed with the club these plans cannot continue."

Councillor David Evans, whose Cabinet responsibilities include MotorFest, said: "We know how many of you really like the Ormskirk MotorFest and we have tried to come up with a plan to have an event this year. Unfortunately we don't feel that can go ahead now but

we hope the event will return bigger and better than ever in the future."

Mike Ashcroft, Aintree Circuit Club chairman, said: "It is a real shame that we have had to cancel this year's Ormskirk MotorFest as this would have been the 10th anniversary of the event. We will work with the Council on planning to return when we can run the event safely."

Rainbow Hub comes up with colourful fundraising idea!

RAINBOW Hub has set up a new art challenge on Facebook to encourage people to help raise funds for the Mawdesley based charity.

Rainbow Hub supports children and young people with physical and neurological disabilities.

Like many other organisations, they have had to cancel all their summer fundraising events and have been looking at different ways to raise the funds they need to continue their ser-

vices. They have adapted to virtual services created to help the youngsters continue the therapies that are so critical to their general development and well-being.

Their new challenge is for people to take part in the #rainbowhubart campaign.

All they need to do is design a rainbow, share a photo of it on Facebook with the hashtag #rainbowhubart and nominate up to five others to do the same.

Kat Nelson, fundraiser at

Rainbow Hub said "The needs of the children and young people we support don't go away because of the pandemic.

"As we have no statutory funding we have to find other ways to raise the funds. We have received some beautiful designs already and we are so very grateful to everyone who has helped us so far especially South Ribble Netball Club.

"If anyone would like to get more information about the

work we do, our web site is www.rainbowhubnw.org or we can be found on Facebook, Twitter @rainbowhubnw or www.justgiving.com/rainbowhub.

All rainbows sent to Rainbow Hub, will then be displayed in their Rainbow 'gallery' online. Supporters can help by donating just £5 by texting RAINBOWHUBART to 70490 (texts cost £5 plus one standard rate message)

Council chiefs warn 'it's a critical time for borough' in desperate bid to avoid further lockdown measures

Report by Tom Martin

RESIDENTS in Ormskirk and Skelmersdale have been warned "it's a critical time for the borough" as coronavirus cases rise in other parts of the county.

Leaders of West Lancashire Borough Council are concerned after local lockdown measures were implemented recently in the likes of Preston and Blackburn with Darwen and they are now desperate to avoid a similar situation.

As many as four million people in Greater Manchester, east Lancashire and parts of West Yorkshire are now banned from meeting people from different households indoors in response to a spike in COVID-19 cases.

Council leaders are desperate to avoid further lockdown measures in West Lancashire and the affect this could have on local businesses.

Councillor Ian Moran, Leader of West Lancashire Borough Council said: "This is a critical time for the whole of West Lancs. We need everyone to play their part, it is really important you and your family know and are still following the safety advice especially where

Cllr Ian Moran, Leader of West Lancashire Borough Council

you need to wear a face covering, to keep washing your hands and keep a safe distance."

Chief Operating Officer, Jacqui Sinnott-Lacey, added: "Other areas within the north west including areas as close to the borough as Preston have needed to implement local lockdown measures and we really need to keep West Lancs moving."

"None of us want a local lockdown to be introduced so we all need to work together to prevent this. We are working closely with our partners across the whole of Lancashire but most of all we need everyone to remember Covid has not gone away and they need to follow the safety advice."

Wedding band celebrate their own special day after winning top award

Report by Tom Martin

AN Ormskirk soul singer is delighted after her band won an award for their performances at weddings.

Ciara McEntee, who fronts the band Soul Federation, is a popular choice of live music for brides and grooms across the north west and despite the lull in weddings due to the coronavirus, their popularity has been recognised by the Book Entertainment 2020 Event Entertainment Awards.

Winners were decided by a combination of public vote and a judging panel of industry experts with more than 1,000 entries.

Soul Federation were named Best Wedding Band for the north of England and they will now go on to the national finals.

Formed only three years ago, the ten-piece band,

with members from Ormskirk, Southport and Sefton, have built up a following with their brand of classic soul songs.

They built their reputation with appearances in Liverpool, West Kirby and other events in the north west, which led to them being asked to play at weddings and business functions.

After singing professionally across Europe, Ciara is now a music teacher on the Wirral.

She said: "It's been great playing classic soul together over the last couple of years. This win has been the icing on the cake. A big thank you to everyone who voted for us. We cannot wait to get playing again."

One of Soul Federation's happy clients, Ellen Kirk, said: "We booked Soul Federation for our wedding after seeing them play live in Liverpool - what a band! Our dance floor was packed from the moment they started all the way to the end of the night."

Details of the national final arrangements have yet to be announced.

Residents group voice concern over virus spread as thousands of students set for return to uni

Report by Tom Martin

AN ORMSKIRK residents group has voiced concern over a potential rise in local coronavirus cases as thousands of students prepare to return to Edge Hill University next month.

New Ormskirk Residents Group (NORG) is worried about the start of the new university term, which is due to start on Monday, September 28, and how it could lead to the potential spread of the virus in the local community.

The group's chair, Rosemary Ivory, believes it could lead to an increase of local infection rates, particularly as the students mix in halls of residence, on campus and when travelling into Ormskirk town centre.

She said: "Several parts of the north west, areas from which Edge Hill's students are drawn, are at present experiencing Covid infection rises."

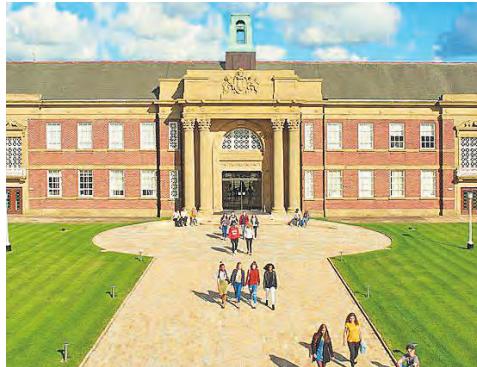

"Campuses cannot be hermetically sealed and students in the town are living alongside permanent residents, sharing amenities within small student groups and with the wider community - cafes, bars, shops - even pavement space."

"In a few weeks' time thousands of new and existing students will be criss-crossing the country to access those universities which plan to resume face-to-face teaching."

Risks

Rosemary continued: "Such a movement is not without risks as acknowledged in recent government SAGE documents and by the Covid 19 infection increase as a result of travel to holiday destinations."

According to website information, Edge Hill University is resuming face-to-face teaching, meaning that many students will not only be resident on campus but also in the town's HMOs (Houses of Multiple

Students are due to arrive back at Edge Hill University next month

Occupancy) and purpose built accommodation.

"Recently, the Vice-Chancellors' Group, UK Universities, denied that financial concerns were being put before safety at any university and categorically stated that 'ensuring the health and safety of staff, students and the wider community is and always will be paramount to every UK university'."

"NORG certainly hopes that this is the case, not only by the university authorities but by the borough's Director of Public Health, or equivalent officer."

"Let us hope that with strict guidelines, to which everyone adheres, Ormskirk will be a safe place this coming autumn."

A post on Edge Hill's website states: "In preparation, we are taking all the necessary steps to implement social distancing measures in all our buildings, we have increased hygiene regimes, and are adhering to all official guidance on PPE."

"We will continue to communicate directly with all of our Edge Hill community - students, colleagues, applicants, alumni and partners - over the coming weeks to provide further information on our plans to reopen the campus safely."

Report reveals improvements made to SEND services across Lancashire

A NEW report has revealed significant improvements have been made to Special Educational Needs and Disability (SEND) services across Lancashire.

Lancashire County Council and health services within Lancashire have been recognised by Ofsted and Care Quality Commission (CQC) inspectors for the progress their partnership has made in improving and delivering outcomes for children and young people with SEND.

An inspection of Lancashire SEND services, which took place in 2017, found that there were 12 areas of significant concern in the services provided for children and young people.

At the revisit in March this

year, inspectors identified seven of these areas as having sufficiently improved, and although there have been improvements in the remaining five areas, further ongoing work is required.

Lancashire County Council's cabinet member for children, young people and schools, County Councillor Philippa Williamson, said: "I am so pleased that the formal feedback we have received acknowledges the transformation that has been made overall to our services for children and young people with SEND.

"Whilst the report shows the huge progress that has been made, there is still work to be done. We will not rest on our laurels, and we are

committed to getting this right."

"The needs of children and young people are at the heart of what we do, and with this firmly in mind we will continue our work on the remaining five areas to ensure we achieve the progress we need."

In the 2017 report, it was stated that "parents had lost trust" but the latest report shows that work has gone into ensuring parents have been able to contribute towards an improvement plan and now feel "valued, trusted and equal partners in driving improvements."

Members of Southport and Ormskirk NHS Trust's Dementia and Delirium Team

NHS staff step up to walking challenge!

MEMBERS of Southport and Ormskirk NHS Trust's Dementia and Delirium Team will be taking 850,000 steps during their Step Challenge this month.

More than 850,000 people in the UK are living with Dementia in the UK and at least 25% of hospital beds are occupied by a person living with the condition.

To raise awareness, staff in these departments will be taking on this challenge to help them raise at least £5,000 towards improving dementia care provision throughout the trust.

Sophie Williams from the Dementia and Delirium team said: "Southport and Ormskirk Hospital NHS Trust have a newly formed Dementia and Delirium Team who support those living with Dementia or experiencing a delirium during admission to hospital."

"During a hospital admission, a person living with dementia can experience a plethora of negative emotions which have a detrimental effect on their patient journey."

"We hope to improve their journey through specialised dementia

care provision and support for those experiencing acute confusion in hospital.

"This support can take many forms which correspond with our vision of becoming a Dementia friendly hospital."

"The team also offers education and training to all staff members to improve knowledge of dementia and delirium."

"We have ongoing projects aimed at improving all aspects of the patients' journey during their time with our Trust."

"We have set up a JustGiving page and any donations will be greatly appreciated. We will be monitoring our steps weekly and posting updates to social media."

"The challenge is also aimed at improving the health and well-being of participants by encouraging people to become more active."

"If you would like to get involved please contact the Dementia and Delirium Team by calling 01704 704658."

Former doctor gives £1,000 of her Queenscourt lottery winnings back to hospice

Report by Danielle Thompson

A RETIRED doctor has donated £1,000 of her winnings from Queenscourt Hospice's Lottery back to the charity!

Dr Colette Nugent, who retired from Ainsdale Medical Practice 18 months ago, joined the weekly lottery last December, but said that winning was the last thing on her mind – she simply wanted to support the hospice.

She was very surprised to receive a call telling her she had actually won the £1,500 jackpot! She immediately made up her mind that she would use some of the winnings to support Queenscourt.

She said: "I was embarrassed to win the money. I didn't join to win, I saw some Queenscourt Lottery canvassers in a supermarket trying to sign new members and decided to join then and there."

"The hospice provides an invaluable service to patients and their families and its education centre offers so much support to medical students and all local medical and nursing staff. As a GP I had first-hand experience and really appreciate everything that they do."

Dr Colette Nugent (above and right) with some of Ainsdale Medical Centre's fundraising team

tance covered on their daily exercise and this moves them along their route.

Cycling, running and walking count by the kilometre and each 30 minutes of other exercise (pilates, gym, weights etc) counts as 5km.

Dr Nugent saw their target was to raise £1,000 and even though this target had already been exceeded, she decided to donate £1,000 of her lottery win to their fundraiser.

To join the lottery, visit the website: www.queenscourt.org.uk/lottery

MP backs Citizens Advice after it helps thousands of people in West Lancs

Report by Danielle Thompson

WEST Lancashire MP Rosie Cooper met Citizens Advice staff at a reception in the Houses of Parliament and heard how they have helped thousands of people in the borough.

The event showcased an interactive map of West Lancashire, and reported to the MP the issues that people contacting Citizens Advice are facing.

It shows that Citizens Advice has recently helped 2,833 people. The top three problems people needed assistance with were debts; benefits and tax credits and employment.

According to its latest Impact Report, Citizens Advice helps to solve four in five of people's problems when they ask for help.

This reduces the number of people who turn to public services for support on welfare, health and housing issues.

For every £1 invested in the Citizens Advice service, the government and public services save £2 - amounting to £420 million last year.

MP Cooper said: "Citizens Advice has been on the frontline helping people for the past 80 years which means they have incredible insight into the problems people face."

Rosie Cooper at the Citizens Advice meeting

"I'm always interested to hear how local organisations like Citizens Advice are helping my constituents and with what issues, and considering which issues constituents report to me and seek my advice on also, and how we can tackle the root causes and not just assisting each individual in resolving their case."

"Citizens Advice - with its army of volunteers - is tremendous at providing support for people living in West Lancashire. I will continue to work closely with them for the benefit of residents."

Police want your views to help shape their 'priorities'

LANCASHIRE'S Police and Crime Commissioner Clive Grunshaw has launched his 'Let's Talk Policing' survey asking residents for their views on policing priorities.

Information from the survey will inform the Commiss-

sioner's future priorities in the Police and Crime Plan which sets out how the police and community safety partners work together to keep Lancashire safe.

Mr Grunshaw said: "I want feedback from Lancashire res-

idents to continue to inform my Police and Crime Plan and I would like to hear from as many people as possible."

The online survey will run until September 6 and is available at the website: www.letstalkpolicing.co.uk.

Calls to reduce 'five week waiting time' to get first Universal Credit payment

Report by Tom Martin

Cllr Julie Gibson

A COUNTY councillor from Skelmersdale wants to reduce the "five week waiting time" for applications to Universal Credit to help those losing their job during the pandemic.

Cllr Julie Gibson claims any new applicants for Universal Credit have to wait "at least five weeks" for their first payment, which leaves many people without enough money to cover the bills.

The situation has been made worse with more redundancies during the pandemic and more job losses expected as furlough payments end in October.

According to The Lancashire Enterprise Partnership, West Lancashire saw the biggest rise in people using Job Seekers

Allowance of any other borough in Lancashire.

Cllr Gibson said: "The claimant count in West Lancashire still stands at 5.5%. Figures available also show that West Lancashire had the largest increase in applicants for Job Seekers Allowance (56%) in May 2020 across the whole of the county.

"As Job Seekers Allowance continues to be replaced by Universal Credit we will see a lot of people who are first time unemployed suddenly realising they will get nothing for five weeks."

"We have seen the start of the relaxation of the furlough scheme and already we are hearing predictions that this may lead to some employers having to lay off staff. Workers who have required support from the job retention scheme and self-employed income support scheme are most likely to face unemployment risks in the months ahead.

"I would call on the government to extend the furlough scheme but where people are made redundant they should have the safety and security of knowing they will not have to wait 5 weeks for a universal credit payment.

"Many news reports we see are talking of a post-Covid recession, we need to be prepared and ready to help people at risk of falling into debt, many of whom will be facing unemployment for the first time."

Volunteers get Mayoral visit!

THE Mayor of West Lancashire, Councillor Terence Aldridge, has met with the Ormskirk Ambassadors to thank them for their hard work and services to Ormskirk Town centre.

The community group have been volunteering

their time to ensure residents and visitors feel safe and informed when returning to Ormskirk Market. They're also acting as a point of contact for anyone who has questions about staying safe when out and about.

Doris the spider meets Carl...
Champion. July 29

Honest youngster handed in wallet

I was travelling by train from Ormskirk to Liverpool on the morning of July 29.

On arrival I found to my dismay that I had lost my wallet containing a fair amount of cash, bank cards and my rail card. The station staff couldn't trace it. So I was penniless.

I had my return ticket so I went

back to Ormskirk. At the ticket office they held up my wallet! A youngster had found it on the train and handed it in.

I would dearly like to thank him. Perhaps he mentioned it to his parents who might read this.

Maurice George, Ormskirk

Carl made serious mistake with Doris the tarantula...

Re: The Champion story on Carl Eaton.

Everyone should overcome arachnophobia. Spiders are our guardians. Without them we'd be overrun by cockroaches, flies, and the real villains, mosquitoes.

Few people die from a spider bite. If they do it's usually due to an allergic reaction, so never kill spiders.

But Mr Eaton made a serious mistake. ALWAYS keep your face away from tarantulas. The only danger a tarantula poses to a person is from its hairs.

If they get in your eyes they will turn your eyeballs into permanent pincushions. The hairs are big enough to stab but too small ever to be removed. They don't biodegrade so you're stuck with constantly painful eyeballs for the rest of your life.

Hair is the tarantula's main defence mechanism. No spider has a voice box so it can't bark, growl or hiss to warn you off. The only way a tarantula can make a noise is to shimmy which makes its stiff hairs rattle. Some shake loose becoming miniature javelins.

Animals who coexist with tarantulas know their eyesight is at risk. Now you know this too.

Dr Brian Mitchell,
Ormskirk

Very little cycle action to warrant new cycle ways

How glad I am to see someone, Anne Burt, has written in about the new 'alleged' cycle ways in Railway Road and St Helens Road.

What idiot has authorised such happenings - especially on St Helens Road. This road already gets gridlocked at rush hour due to the terrible traffic lights in the area and thanks to the new road system, the road now gets blocked up towards the traffic lights near Jacksons on Wigan Road.

Railway Road also needs two lanes as people coming from the car park behind B&Q usually drive up the right hand lane and very often are terrible drivers who do not drive out onto Derby Street until they see there are no vehicles in sight before proceeding whereas if someone is in the left hand lane they can proceed when clear towards the station, leaving the slow driver blocking the road.

I personally see very little cycle action on both roads and also very little pedestrian action.

One must assume that if roads are going to be blocked off for such purposes, then Westhead will soon have barriers fitted due to the number of cyclist that use it?

FB,
Lathom

Build new leisure centre on Burscough Industrial Park

I have just read a letter from Roderick Green, from Burscough, (July 29) rubbishing Cllr Kate Mitchell's stance on the new leisure centre.

I agree totally with Cllr Kate that the Churchfields site is not the best place for a new centre.

Churchfields is a quiet and pleasant green space to sit and meet friends and family in spite of the nearness of County Road.

It would be much too near

the old folks home causing problems to the residents there with noise and fumes.

Building the new centre there could cause more problems with traffic on County Road as though there aren't enough problems as it is.

Build the leisure centre on Burscough Industrial Park freeing up more of Coronation Park for people to relax in, the way it was before the leisure centre was built there.

Len Baldwin, Ormskirk

Food safety checks mustn't be relaxed

I was very interested in the article raising awareness of risky gene-edited food in the Champion (July 29).

As the article said, a proposed amendment to the Agriculture Bill is currently before Parliament.

This amendment, if passed, would relax safety checks on food and food labelling.

The battle to keep the issue of genetically modified organisms in food transparent has been hard fought over the years and in the UK we have reached a reasonable expectation of knowing the GMO status of the food we buy. The passing of this amendment would set serious alarm bells ringing for me that the safeguards we have been enjoying will be eroded.

Some scientists are very wary of the gene-editing proposals, saying, among other things, that it risks 'unexpected novel toxins and allergens' in food.

More information on the scientists' concerns can be found on the website GMwatch <https://gmwatch.org/en/news/latest-news/19223>

Since healthy food is crucial to a healthy immune system, we should be vigilant about changes in the law which could have a major impact on the quality of the food available to us.

Wonderful footpaths!

I would like to say a huge thank you to Lathom Bickerstaffe and Aughton parish councils who, I assume, have been responsible for opening up and way-marking our local footpaths.

This was invaluable during lockdown, and continues to be a valuable local resource.

I hope that people will continue to make use of this wonderful network - fresh air and exercise are good for our health and mental well-being.

Ann Robinson, (West Lancashire Ramblers and Footpath Group)

P. Larkin, Skelmersdale

Just call it 'the structure'

I would like to proffer 'CM' a medicament to ease the confusion regarding a correct description of the structure on Wheatsheaf Walk.

Unlike CM, I find that my thirst for a nomenclature inquiry is rarely quenched by reference to a simple dictionary definition.

I prefer a more scholarly approach that considers a host of other contextual etymological factors associated with the nature of the structure. Such as age, geography, proximal culture, original purpose, current use, and whether the structure has enough of an architectural purity that lends itself to conclusive categorisation.

I propound that CM's confident contention that the structure is a gazebo and not a pagoda is false. A specious binary if you will. Following a detailed assessment of its aesthetic, I hypothesise that the structure on Wheatsheaf Walk does not sit within a simple architectonic taxonomic classification. I believe that it shares features and aspects of the pagoda, pergola, pavilion, chickee, kiosk, folly, as well as a classic gazebo.

With this in mind, I believe that in the future it would be erroneous to refer to the structure as anything other than 'the structure'.

Report by Danielle Thompson

SOUTHPORT and Ormskirk Hospitals Charity has been given a £35,000 donation after rugby players travelled 'virtually' around the world...twice!

Southport Rugby Club players completed the 'Ellis Expedition' in memory of their president, Graham Ellis, who died recently.

The intrepid explorers managed to raise more than £35,000, which they have donated to the local charity.

Graham was a hugely popular figure at Southport Rugby Football Club both on and off the pitch. Throughout July, thanks to an idea by player and former club captain Colin Toohey, players and supporters were due to walk, cycle, run, swim and kayak total of 16,000km between them - the equivalent distance of Southport to the South Pole - with a £16,000 target.

But such was everyone's immense respect for Graham that they instead virtually travelled across the circumference of the world twice over - a total of 72,000km and dedicated their achievement to Graham.

Colin said: "We have done it!"

"I am so proud of the club in achieving what we set out to do in raising money for the Southport and Ormskirk Hospital Charity and to honour a great man, Graham Ellis."

"The whole club has been awesome and we have had a real mix of people who

Players from Southport Rugby Club with their cheque

have taken part, from young to old, families exercising together and making new friends in the group challenges we have undertaken. It has also been great to see people step up and push themselves beyond their comfort zones and challenge themselves. I must thank James Cook, who ran all our social media during the Ellis Expedition, which has helped create awareness and raise the funds.

"Graham inspired us and many more. There have been people in Dubai, in Australia, all over the world, doing challenges in his memory. "People in their 80s did the expedition and children aged five! The people involved are mostly from our rugby club

but there are also others from the wider rugby family who are keen to honour him."

Neil Masom, chair of Southport and Ormskirk Hospital's charity added: "What an incredible achievement and amazing way to honour Graham.

"Sadly, I did not have the pleasure of meeting him, but to inspire this impressive fundraising drive he must have been a very special person.

"We are incredibly grateful for the donation and will make sure this is invested in something which will make a lasting difference to our staff and patients.

"Once again, a huge heartfelt thank you from us all here."

Childcare support to continue despite pandemic struggles

Report by Tom Martin

WEST Lancashire families who benefit from government funded childcare support have been given a boost after the government said they would not lose out due to COVID-19.

Working parents or carers, who are eligible for Tax-Free Childcare or 30 Hours Free Childcare but have temporarily fallen below the minimum income requirement as a result of the pandemic, will continue to receive financial support

until October 31. Critical workers who may exceed the income threshold for the 2020-21 tax year, as a result of working more to play a vital role in tackling the coronavirus pandemic, will continue to receive support this tax year.

Through Tax-Free Childcare, delivered by HMRC, families will receive a £2 government top-up for every £8 they pay into their child's account, up to the value of £2,000 per child, or £4,000 per disabled child in financial support. The money can be used towards the cost of qualifying

childcare for a child up to the age of 11 or 17 for a disabled child.

HMRC's Deputy Chief Executive and Second Permanent Secretary, Angela MacDonald, said: "We want to make sure families will not be adversely affected by any abrupt change in circumstances, which is why we have extended available support through Tax-Free Childcare to give families that extra boost."

To continue receiving the financial support for Tax-Free Childcare and 30 Hours Free Childcare, parents need to reconfirm their eligibility every three months.

Staff at the cafe celebrate the first birthday

Coffee shop celebrates magical anniversary!

THE owners of a 'magical' coffee shop and dessert bar in Ormskirk have been celebrating their first year of trading with a socially-distanced party.

Mandrakes on St Helens Road, which also incorporates an Experience Rooms and a Gift Shop, is owned by Aileen Piper and Gail Leverton-Usher and inspired by JK Rowling's Harry Potter books.

They said: "It has been non-stop interest since opening in August 2019 and we were booked out right up until March 2020. Then Covid 19 hit us all.

"Since re-opening three weeks ago we have been inundated for bookings and can not thank all the magical and non magical folk enough for their support and well wishes.

"It has been a fantastic success and has brought people to Ormskirk from all over the UK and even from as far afield as Australia, Mexico and the USA to name a few.

"We are viewed as a tourist attraction which again is fantastic for Ormskirk and for the footfall to the market town.

"We are currently looking to expand Mandrakes A Magical Experience and hope to be opening our second shop very soon so watch this space."

Coffee Mornings will have to be held virtually or with social distancing in place

Annual fundraiser will have a different look this year

Report by Tom Martin

WEST Lancashire residents have been asked to hold Macmillan Coffee Mornings as a virtual or socially distanced event this year.

The annual fundraiser is set for Friday, September 25, and it will be the 30th anniversary for the popular event.

Locals would usually enjoy a slice of cake and a cuppa, but safety precautions will have to be in place due to the pandemic.

A spokesperson for Macmillan said: "Before Covid-19, many patients told Macmillan being diagnosed with cancer and going through treatment was the scariest thing that they could imagine."

"These anxieties and concerns have not gone away during the pandemic - they've been made worse - meaning Macmillan needs support from people in Merseyside more than ever to provide the vital support people living with cancer rely on."

"Macmillan is doing everything we can to offer medical, emotional and financial support to people living

Coffee mornings will have to be socially distanced this year

with cancer and our work is almost entirely funded by donations."

"Every penny raised by Coffee Morning helps Macmillan to provide this support, which is needed now more than ever before."

People can sign up now by visiting macmillan.org.uk/coffee or by searching for Macmillan Coffee Morning.

Arts venue relaunched as an independent

THE Chapel - Ormskirk Arts House has been relaunched as an independent venue.

Formerly the Chapel Gallery, it was previously run by West Lancashire Borough Council.

The new custodians of the chapel, Ian Brownbill and Amanda Abbott, aim to 'bring about a host of exciting artistic happenings, events' and turn it

into 'an all-round great venue for Ormskirk.'

Ian said: "The Gallery will remain as a home for exhibitions and the development of ideas with the local community.

"The cafe bar has a brilliant intimate stage for musicians and will also feature special pop-up installations. The first floor is a dance and yoga studio

with a sprung floor that also has the flexibility to host larger events.

"The Chapel Gallery gift shop remains at the heart of The Chapel, now run by Lancashire Makers', stocking locally handmade crafts, art and design - featuring the work of its members and guest artists from around the North West."

Football pitches get revamp after club secures £5k donation

Report by Tom Martin

A FOOTBALL club in Ormskirk has been awarded £5,500 to help them through the pandemic.

Ormskirk West End FC, which has 15 teams of various age groups, got the funding boost from the Football Foundation through its Pitch Preparation Fund to try and cover the costs of lost revenue.

The money will enable the club to prepare their football pitches and other facilities so they are ready for the resumption of the new season.

Paul Gaskell, Chairman at Ormskirk West End, said: "As Ormskirk West End enters its 50th anniversary year, the Covid-19 outbreak put the brakes on our children playing football. This grant

funding from the Football Foundation has allowed us to bring our pitches to a fantastic standard whilst helping us to manage a safe return to playing football in these unprecedented times."

Robert Sullivan, Interim Chief Executive of the Football Foundation, said: "This is a vital grant to help Ormskirk West End get their pitches and facilities match-fit."

Ormskirk West End FC was formed by Bill Howard in 1970 and has provided children from the local community with an opportunity to learn and play football in a safe and friendly environment.

The club is affiliated to the Liverpool FA and have boys and girls teams from Under 6s to veterans. They play in local leagues including Skelmersdale Junior Football League and the Hightown Junior Football League.

Police plea for information after man's death in Wigan

34-year-old victim was kicked to death following 'earlier altercation'

Report by Danielle Thompson

CCTV images have been released of four males police want to speak to after a man was kicked to death in the grounds of a parish church in Wigan.

Detectives say the group that attacked him had just got off a train at Wigan Wallgate station and had been pictured at Southport railway station earlier that evening.

Shortly before 7.50pm on Thursday, August 6, police were called to the church where Steven McMyler, 34, was believed to have been attacked. Mr McMyler died at the scene and a murder investigation was launched.

It is thought the incident occurred following an earlier altercation at the scene.

Three men – aged 30, 19 and 18 – were arrested on suspicion of murder and an 18-year-old woman was arrested on suspicion of assisting an offender. All four individuals were released on bail under investigation.

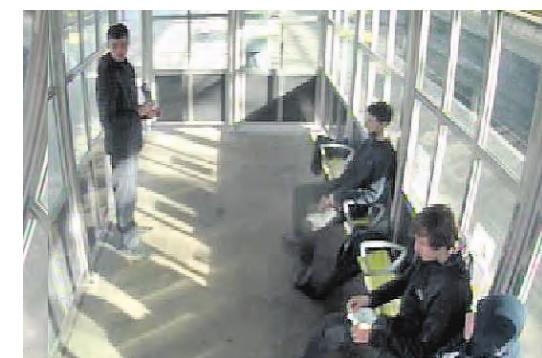

Detectives are appealing for any information about the identity of any of the four men pictured to aid their investigation. Detective Inspector Wes Knights, said: "This devastating incident has left Steven's family feeling broken and they deserve answers."

"While we have made good progress in the very early stages of this investigation, we are keen to ensure we hear from every possible witness of this incident."

"We are particularly keen to identify and hear from four men who we believe may hold import-

ant information. A dedicated portal has been set up for the public to share their information with the investigation team."

Anyone with information should contact police on 0161 856 4815 or anonymously to the independent charity Crimestoppers on 0800 555 111.

The Mayor and Mayoress of West Lancs open the Walmsley Alternative in the Concourse, shown with co-owner Leanne Walmsley

Rock and (bread) roll! Sandwich chain staff open music-inspired clothing store in the Concourse

THE Mayor of West Lancs has formally opened a new clothing and accessory store inside The Concourse in Skelmersdale.

Leanne Walmsley and Simon Gould, the owner and manager of the Subway at the Concourse have teamed up to create a new venture – also at the Concourse.

West Lancs Mayor Cllr Terence Aldridge, opened the Walmsley Alternative on Friday,

August 10. The shop is a clothing and accessory business geared towards rock music and popular culture.

Simon, Subway branch owner, said: "We believe this is a great time to be opening a new strand of the business and also believe that we will be a destination choice for a lot of customers who would otherwise have to travel to Wigan and further for what we are offering."

"We will be stocking music t-shirts, bags, cups, socks etc along with POP funko figures, comics, movie poster frames and various toys and merchandise tied in to popular culture including music and films."

"Leanne has risen from a part time employee to a business owner. She is a great example of how someone can achieve what they set out to do with the right mindset and drive."

MG has given its ZS – a Qashqai-rivalling SUV, not the sports saloon of the same name – a facelift, which is on sale now.

The latest version (shown, right) has a tweaked exterior, including LED headlights as standard, a new dashboard, powered folding door mirrors as standard and extras including a rear reversing camera and heated seats on the range-topping Exclusive version.

Prices start at £15,495, which gets you into the entry-level Excite model.

This year, cars like this 1970 Mini Cooper won't be taking to the roads of West Lancashire for safety reasons

EVERY SO OFTEN WHEN I'M FLICKING THROUGH CHANNELS I'LL END UP WATCHING A FEW MINUTES OF LOCKDOWN FOOTBALL – AND, SORRY, FOOTY FANS, BUT I'M STILL FINDING THE PIPED CHEERING A BIT WEIRD.

YES, I KNOW IT'S SUPPOSED TO BRING BACK A BIT OF THE BUZZ OF BIG STADIUMS PRE-LOCKDOWN, BUT I STILL THINK THERE'S SOMETHING PALPABLY ODD ABOUT YOUR EARS BEING BOMBARDIED BY THE ROAR OF THOUSANDS OF CHANTING FANS, BUT THE VISUALS BEING OF SORRY-LOOKING SEATS COVERED UP TO PREVENT THE SPREAD OF INFECTION.

AT LEAST WITH F1, ALL THE NOISE IS DELIVERED BY THE SHRIEK OF A TURBO-CHARGED V6S – AND I'D ARGUE THAT AS CARS PROVIDE THEIR OWN SOUNDTRACK, MOTORING EVENTS WORK BETTER THAN FOOTBALL MATCHES WITH THE SPECTATORS REMOVED.

CERTAINLY, THAT'S WHAT I HOPE IS GOING TO WORK FOR TWO VERY DIFFERENT EVENTS ON THE HORIZON – THE 24 HOURS OF LE MANS, AND OUR VERY OWN ORMSKIRK MOTORFEST.

BOTH HAVE DECIDED IN THE PAST WEEK TO OPT FOR A CLOSED-BEHIND-DOORS FORMAT, WITH THE AIM OF CURTAILING COVID-19 INFECTIONS THIS YEAR AND REFOCUSING THEIR ENERGY ON COMING BACK FIGHTING IN 2021. AS SOON AS IT BECAME OBVIOUS THAT HAVING 15,000 CAR AND BIKE FANS CONGREGATE OUTSIDE CORONATION PARK WASN'T A SMART IDEA THE CHAPS AT AINTRIE CIRCUIT CLUB

YES, I KNOW IT'S SUPPOSED TO BRING BACK A BIT OF THE BUZZ OF BIG STADIUMS PRE-LOCKDOWN, BUT I STILL THINK THERE'S SOMETHING PALPABLY ODD ABOUT YOUR EARS BEING BOMBARDIED BY THE ROAR OF THOUSANDS OF CHANTING FANS, BUT THE VISUALS BEING OF SORRY-LOOKING SEATS COVERED UP TO PREVENT THE SPREAD OF INFECTION.

AT LEAST WITH F1, ALL THE NOISE IS DELIVERED BY THE SHRIEK OF A TURBO-CHARGED V6S – AND I'D ARGUE THAT AS CARS PROVIDE THEIR OWN SOUNDTRACK, MOTORING EVENTS WORK BETTER THAN FOOTBALL MATCHES WITH THE SPECTATORS REMOVED.

CERTAINLY, THAT'S WHAT I HOPE IS GOING TO WORK FOR TWO VERY DIFFERENT EVENTS ON THE HORIZON – THE 24 HOURS OF LE MANS, AND OUR VERY OWN ORMSKIRK MOTORFEST.

BOTH HAVE DECIDED IN THE PAST WEEK TO OPT FOR A CLOSED-BEHIND-DOORS FORMAT, WITH THE AIM OF CURTAILING COVID-19 INFECTIONS THIS YEAR AND REFOCUSING THEIR ENERGY ON COMING BACK FIGHTING IN 2021. AS SOON AS IT BECAME OBVIOUS THAT HAVING 15,000 CAR AND BIKE FANS CONGREGATE OUTSIDE CORONATION PARK WASN'T A SMART IDEA THE CHAPS AT AINTRIE CIRCUIT CLUB

CAME UP WITH THE IDEA OF TAKING THE EVENT ON TOUR INSTEAD – RATHER THAN YOU GOING TO SEE THE EVENT, THEY'D BRING ALL THOSE OLD MASERATIS, LOTUS ELANS AND TVRS TO YOU, ON ONE BIG DRIVE AROUND LANCASHIRE.

SADLY, THE RISE IN CASES IN OTHER PARTS OF LANCASHIRE LATELY HAS PUT PAID TO THAT IDEA, SO LAST THURSDAY THIS BOLD NEW PLAN WAS RULED OUT.

SO LIKE LE MANS, WHICH IS HAVING ITS FIRST SPECTATOR-FREE RACE IN ITS 97-YEAR HISTORY, IT'S NOW GOING BEHIND CLOSED DOORS.

THE NEW EVENT IS AN INVITE-ONLY BASH BASED DOWN THE ROAD AT AINTRIE, BUT WITH EVERYTHING STREAMED ON SOCIAL MEDIA.

YOU MIGHT NOT BE ABLE TO GET UP CLOSE TO ALL THESE OLD CARS AND HAVE EARDRUMS BASHED BY THE STOCK CARS AS THEY BATTLE THEIR WAY AROUND ORMSKIRK'S ONE-WAY SYSTEM, BUT YOU'LL BE ABLE TO ENJOY FERRARIS AND ASTONS BEING TAKEN AROUND AINTRIE'S HISTORIC CIRCUIT – HOME OF SIR STIRLING MOSS' FIRST BRITISH GRAND PRIX WIN, DON'T FORGET – ONLINE INSTEAD.

PERSONALLY, I THINK IT'S THE RIGHT MOVE. I'VE SPOKEN TO DOZENS OF EVENT ORGANISERS ACROSS THE COUNTRY, AND WHILE THEY'RE TAKING VERY DIFFERENT APPROACHES TO BRINGING CARS OUT IN THESE STRANGE TIMES, THE ONE THING THAT UNITES THEM IS THAT NOBODY WANTS TO BE BEHIND A SPIKE IN NEW CASES.

IF AINTRIE CIRCUIT CLUB AND WEST LANCS BOROUGH COUNCIL DON'T FEEL IT'S SAFE, THEN I COMPLETELY UNDERSTAND THEIR DECISION TO POSTPONE THEIR PUBLIC DAY OF PETROL-HEAD FUN UNTIL NEXT YEAR.

UNTIL THEN, I'M LOOKING FORWARD TO WATCHING – RATHER THAN WANDERING AROUND – THIS YEAR'S MOTORFEST INSTEAD.

LET'S HOPE THEY BRING SOME NOISY CARS AND BIKES TO MAKE UP FOR THE SPECTATORS...
